STATE ENGINEER'S OFFICE

Cheyenne

Mr. Emil C. Gradert,
Superintendent,
Water Division No. 4,
Fort Bridger, Wyoming

Burnt Fork Distribution

Dear Mr. Gradert:

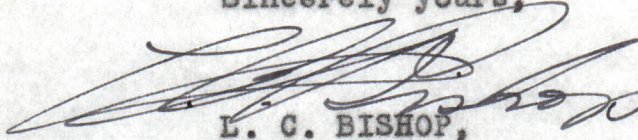

This will acknowledge receipt of your letter of May 27, in which you report on a meeting held in Manila, Utah.

The agreement you men negotiated meets the approval of our office, and I assure you that Wyoming will have funds available to pay its share of the expense. The bills for the services of this inter-state commissioner should be sent to you and if found to be correct, approved by you and forwarded to our office for final approval and payment of the 70% to be paid by Wyoming.

Your plan to accompany Mr. Stoll and assist in making measurements and installation of staff gages is appropriate.

Thanks to both you and Dave for the good work you have accomplished.

Sincerely yours,

L. C. BISHOP,
State Engineer.
